

Whakatohea Seeks Iwi Aspirations for Settlement

Whakatohea commenced their workshops with a Hui a Iwi at Terere Marae on Saturday 01 April.

The presentation is broken into 2 segments, the first segment is to inform the people on the process and road to settlement and the 2nd segment is the workshop to invite discussion on what is important for them in achieving settlement as well as to seek our peoples vision and aspirations for the future post settlement.

90% of our people live outside the rohe with the majority within the greater Bay of Plenty, Waikato and Auckland we need to canvas their ideas and their dreams (wawata) going forward.

Presentation workshops will be also held in Whakatane, Rotorua, Tauranga, Hamilton, Auckland and Wellington kicking off this week, and again in the months of May and July.
